

Thessaloniki by night

Thessaloniki by night

We leave the hotel in the afternoon. After having a short tour in the city we will drive to the White Tower. From there we will sail on a ship in the Thermaic Gulf and have a short tour accompanied by a glass of aperitif or juice. During the tour you will enjoy marvellous sights of the evening city and the gulf. After the tour we will have a walk among the promenade and its many cafes which are a place of rest and relax for many citizens of Thessaloniki.

We finish our stroll in a tavern in the traditional quarter of the city—Ladadika, where we will enjoy a delicious dinner accompanied by the sounds of Greek live music. You'll have a great opportunity to drink, dance and enjoy yourselves until early in the morning!
