

# Toroneos Cruise

## Toroneos Cruise

A leisure day, cruising the blue waters of Toroneos Gulf and the coastline of the Sithonia and Cassandra peninsulas. The perfect day for sunbathing, swimming or enjoying the fabulous view and the marvellous atmosphere. A fun day for the whole family! Don't miss it!

During the cruise we stop at a beautiful beach to relax and swim; we will continue, with lunch on board (light meal). Our next stop will be in a tourist village from Sithonia or Cassandra peninsula, where you will have enough time for coffee or shopping. And finally, our last stop will be at Kelifos Island, the perfect place for swimming and snorkelling, where you can jump into the water straight from the boat. This island is not inhabited and it looks similar to a turtle. That's why the island is called by the locals "The Turtle Island". The cruise offers you unique moments and relaxation, often accompanied by seagulls and dolphins and listening the charming Greek music (bouzouki). Don't forget to take your cameras, because for sure it will be a day you will never forget.
