

Kavala-Philippi Kavala-Philippi

A complex trip which gives you the opportunity to follow St. Paul's footsteps, which will introduce to you the ancient town of Philippi and the modern city of Kavala.

We leave in the morning by ferry-boat towards the continent and we make the first stop in Kavala, the amphitheatric town, where we have couple of free hours for shopping, for a walk or for a visit of the old fortress, the aqueduct or to visit Mehmet Ali's house. Then we leave to the ancient town of Philippi, 17 km away, a settlement founded by Alexander the Great's father, where we shall visit the basilica, the theatre, the Roman forum, the cell where Apostle Paul was imprisoned but also the Octagon Church-the first Christian church of Europe.
